

Remarks

Favorable reconsideration of this application is requested in view of the above amendments and in light of the following remarks and discussion.

Applicants respectfully request entry of this response, as the response places the application in clear condition for allowance, or alternately places the claims in better form for appeal. Specifically, rejected claims are canceled without prejudice or disclaimer.

Claims 1-11 are pending in the application; Claims 12-19 are canceled without prejudice or disclaimer.

Initially, Applicants express thanks for the Examiner's allowance of Claims 1-11.

In the Office Action Claims 12-19 are rejected under 35 U.S.C. § 102(b) as being anticipated by U.S. Patent No. 5,641,203 to Van De Riet et al. Inasmuch as Claims 12-19 are canceled, it is asserted that the rejection is mooted.

Consequently, in view of the present amendment, no further issues are believed to be outstanding in the present application, and the present application is believed to be in condition for formal Allowance. A Notice of Allowance for Claims 1-11 is earnestly solicited.
